Our Legislature

No more effective House Delegation has been seen in Tallahassee in recent years than that composed of our own Emmett Roberts and Ralph Blank, Jr.

Emmett, with full freedom to represent the agricultural interests of his county, is Dean of the Palm Beach County Delegation in Tallahassee, and near the Dean of the House in service!

Emmett and Ralph are equally at home with the "crack-ers" of the small counties and the leaders from the big counties.

Their committee assignments and record of accomplishments working together, is outstanding as representatives of one of the big counties.

If we expect to get and keep effective legislators, let's recognize honesty, ability and results — let's send them both back, overwhelmingly.

RALPH BLANK, JR.

Fifteen Years Thinking Like A Farmer

As the outstanding playground of the world's leaders in society, and as THE area in which a majority of the wealth of the world is represented during the winter months, and being a county whose agriculture brings as many new dollars, or more per year than tourism, Palm Beach County finds the Commissioner of Agriculture an important personage.

A man who thinks like a farmer, a man who has demonstrated his interest in farmer's problems, and a man who is a farmer, would seem to possess important qualifications for Commissioner of Agriculture.

A man who has found time over fifteen years of unselfish effort in Florida farmers' interest to make a modest success of his own farming operations, adds apparent qualifications.

As an ex-marine with substantial service in the armed forces, and as the head of a Florida family, other characteristics we like to find in our office holders would be evident.

Buster Hancock fills these specifications!

We think Buster deserves the support of the Glades, and of Palm Beach County.

The State's Administrators—The Cabinet

State Treasurer Larson and Comptroller Ray Green, two members of Florida's Cabinet, are seeking re-election, and in our opinion should be continued in office.

Both gentlemen are of high integrity, know their jobs well and have proven, over the years, to be friends of the Glades.

Honest office holders, intelligent and industrious, who have efficient organizations, and who are friends, deserve re-election, and whatever support you will exert.

We commend both, as holders of the particular offices, and most heartily as members of the Cabinet — Florida's administrative body.

Restriction Eased On P. A. System Operation In City

Belle Glade Councilmen Wednesday listened to three evangelistic preachers and one merchant concerning the use of public address systems in their work then granted temporary permission to use the loud speakers.

The city had clamped a ban on the speakers, however, may now be operated from 7 a. m. to 7 p. m. and will be stopped again if they become obnoxious.

In other action the council: Denied a vendor's permit to a firm which sought to erect a portable ice machine in the city because of fire zone regulation conflict.

Bobby Newman To Investigate Whitehurst Death

Deputy Sheriff Bobby Newman of the Palm Beach County Sheriff's Department flew to Chicago early Wednesday morning to investigate published reports that PBC Deputy Sheriff J. B. Whitehurst took his own life in a Chicago hotel room, according to Sheriff John Kirk.

Kirk told The Herald late Wednesday that Newman was to sit in on the coroner's inquest and report to him, probably by telephone late yesterday.

According to a dispatch from the Associated Press, Whitehurst was found dead of a gunshot wound by Chicago authorities who had helped Whitehurst in the search for Don Berry, Jr., 43, reportedly wanted in Palm Beach County for family desertion and a bad check charge.

Whitehurst was returning the prisoner from Phoenix, Ariz. Chicago is a normal route for (Continued On Page Eight)

David R. Large Resigns His Glades Prison Post

Superintendent D. R. Large of the Glades State Prison Farm will be succeeded, when his resignation takes effect June 1st, by Garrie Curlee, Assistant Superintendent at Apalachee Correctional Institution, according to information from the office of H. G. Cochran, Jr., Director of Florida's Division of Correction.

Director Cochran, in a letter to Mr. Large says, "Since you and I have discussed this matter on many occasions over the past several months, it is my understanding that when you were originally employed you made it quite clear that you had no intentions of remaining here for an indefinite period of time."

In reference to Mr. Large's Superintendency, Mr. Cochran says, "I commend you for your action."

A new concept of prison administration came into practice in recent years when a retired Federal Director was employed. Glades State Prison Farm. He ran afoul of some of the "to the victor belong the spoils" north Florida politicians and refused to accept the customary treatment of political sheenigans — they stopped his pay and he quit working.

Mr. Large, who was also a retired federal administrator, was prevailed to come from Tennessee retirement to the Glades Farm, with the oft repeated statement that he is temporary.

Along with revised administrative procedures, comes the practice of "rehabilitation of inmates" in a constructive manner. Under Mr. Large's administration Parson has brought the industries of the farm into prominence with their effectiveness.

Foodstuffs—dried beans, canned tomatoes and beans, canned potatoes and dairy products — are being turned out under State and Federal Department of Agriculture inspection for sale to other state supported institutions. These sales are made at market prices, less 10% to the financial advantage of the taxpayer.

Beef, a natural in the Glades, is a major operation at the farm. The public is invited to visit the prison farm and see what is being done with the prison—rehabilitation of inmates being the major emphasis along with practical dollar and cents economy in usable production.

Mr. and Mrs. Large have participated in community, church and secular affairs and have been accepted in the community to the extent that they will be materially missed.

There are those who commend highly the present day results being demonstrated at the Glades institution, and are proud of it.

Market Conditions Generally Weaker Increased Supplies Seen In Spots

Although increased supplies of beans and corn appeared on the Glades produce scene this week, demand for most marketable items dropped from the past week and market prices were generally weaker.

Beans again hampered maturity and quality may dip as a result of the moisture. Total movement showed a considerable drop from last week's record-breaking movement.

Celery — still the volume Corn sold at \$3.25 for US tender sold generally \$1.00-1.10. Fancy Security offerings and 25 for three-dozen crates and ranged down to \$2.25-2.50 for larger and made up 85% or so most. Supplies are lighter for the offering. Beans were of endive (\$1.75) and escarole (\$1.00-1.50) as the season wears, and cabbage sales ranged \$1.50 to \$1.75 for the best. Red potatoes sold generally \$2.75; radishes moved in fair quantity moving from \$2.00 up.

Reward Faithful Service

The biggest part of our tax dollar is spent in and for the schools of the county.

An activity of lasting importance in any family, after home, is the quality of the school room.

Progressive education, increase in school population, and without the demand for more money, necessitate the hands of mature judgment, business acumen and experience, tied to unwavering integrity.

The Glades has benefited materially in physical improvements and the county school system has weathered financial and personnel storms of major importance during the past four years.

Sociology, as defined by judicial minds, plagued the County School Board, but has been effectively handled without inciting widespread disturbance.

We believe a job well done deserves commendation — commendation in this instance suggests we return to office a faithful and efficient public servant, Henry O. Earwood.

As Thomas Jefferson and Bud Dickinson once noted, "That government which is closest to the people is the best government." We believe the statement could easily read: "That merchant or businessman which is closest to you is the best merchant or businessman" from the standpoint of actual dollars and time saved by the consumer.

Since we have suggested that you, the consumer, receive greater benefit through selecting qualified candidates "at home," it will also be reasonable at this election time to assume as we have suggested during this shop-at-home campaign — that the same reasoning will also apply when you shop at home.

Editorially, we feel that our county and region will benefit to a greater extent by selecting candidates from this region or section of the state. What better way could an official know of our needs than to be directly from our area?

The same process of reasoning applied when the trade-at-home thinking is developed. Our local businessmen know what we need since they live here.

From the atmospheric conditions which effect woods, metals and flooring products, to other consumer goods ranging from groceries to heavy farming equipment, our local entrepreneurs stock our needs in the proportion, quantity, quality and size needed for the Glades.

No one could sit in an office in New York, Chicago (or Mule Shoe, Tex., for that matter) and logically determine the needs of the Glades in products and services.

No one from another area of the state could more logically determine our political favors and needs than a local public servant. The reasoning continues that no one but our local merchants can best determine and ultimately serve us to a greater degree. With their fingers on the pulse of our community, our home-town merchants and business men are our best bet—by far.

Rogers' Questionnaire Congressman Paul G. Rogers today announced the results of his annual questionnaire to which 39,215 people responded with answers. The results of the survey will be found in this issue on Page 17.

Which Do You Think "Governor" Bud Dickinson Would Favor For His County?

ONE thing a Florida Governor still influences in Tallahassee is the assignment of road monies. If you doubt it, look at the roads in the county from which any recent governor has come, or even a Road Board Member!

Aside from being from your county, Bud is a South Floridian — a Southeast Floridian; he knows the problems of our area; and his influence will most certainly favor his home bellefide!

Bud's forensic abilities are not excelled by any gubernatorial candidate; he gives a calming answer to any potential political query—he's keeping his feet on the ground in the questions of imminent political expediencies.

Be statesman-like in your thinking—exercise your right to vote as you — well please, but remember whose children and friends will be traveling the inadequate and dangerous roads in Palm Beach County!

Who is the most likely to do something about OUR roads? — we think Bud Dickinson. ONE OF THE TOP THREE CANDIDATES IN MOST POLLS THROUGHOUT THE STATE!

WHAT WILL THEY DO

If you buy wearing apparel, furniture, drugs, hardware, meats, groceries, building supplies, cars, or contract for repairs, etc., from out-of-town dealers, do you think that those merchants will help pave the streets of our town or contribute money toward making our community a better place to live in? They most certainly will not. Their profits create more employment for themselves.

Who's Who in Belle Glade Area

THIS SECTION DEALING WITH OUTSTANDING CITIZENS OF THE BELLE GLADE AREA IS AN ATTEMPT TO SET DOWN IN PRINT THE POSITIONS THESE CITIZENS OCCUPY IN THE EYES OF THEIR NEIGHBORS. NO ONE WROTE OF HIMSELF IN THIS SECTION. MATERIAL WAS GATHERED BY BOB AND GRACE BULLARD AS THEY FOUND CONDITIONS.

Ray Caruthers, Jr.

Because this is a period of growth and expansion for The Glades area, those progressive business people who had the foresight and ability to lay their plans so as to be able to take advantage of these conditions are entitled to more than ordinary acclaim.

We are therefore glad to pay tribute to Mr. Ray Caruthers, Jr., Plant Supl., of Florida Vacuum Cooling Division of Chill-Vac Corp. on Hwy. 441. His persistent optimism and steadfast belief in the continued prosperity of the people of Belle Glade and vicinity, are characteristics which are deserving of our highest praise.

Ray has always shown a willingness to do his part in civic advancement and has contributed his bit, in one form or another, to projects prompted for the welfare of this city. We believe that men like this are entitled to our praise, both because they have achieved success in their private affairs and because they are willing to contribute to the public good.

Mrs. Herman Hendrix

In bestowing credit upon some of those progressive business people of Belle Glade, who have contributed their bit to improve both business and community conditions, we wish to say a few words about Mrs. Herman Hendrix, of Will's Hardware at 303 S. W. Ave. A, where Hardware is a profession.

Mrs. Hendrix has set a standard for herself and the operation of the business that includes anything to improve the service offered. This is proved by the large volume of business she continues to handle, much of which is due to her unceasing attention to detail and the courteous service each customer receives.

Mrs. Hendrix is also civic minded and has, when asked, cheerfully cooperated on those activities to which she has been able to lend assistance. We are sure that with the fine way she has set for it's operations that Will's Hardware will continue to prosper.

Gleam McGahee

Mr. Gleam McGahee has attained a well earned position in the business and home life of this section and we deem it a pleasure to point out that position in this review.

During the time he has operated Power Gas Corp., in South Bay, he has become well known throughout this section. He has set a standard for himself and the management of his business that we believe is unexcelled in this area and he has worked hard to deserve the confidence customers have in him.

Gleam has a sound basic knowledge of The Bottle Gas business and has turned that knowledge to the advantage of the people with whom he does business.

He has shown a willingness to assist in civic affairs he felt were advantageous to this area. He deserves congratulations on his success, and we wish for him and Power Gas Corp., many years of continued prosperity.

Slim Corbin

This well known citizen of the Belle Glade area is referred to by many friends as "Slim" and few are playing so active a part in the sections' development from a business standpoint.

A large part of the success of Slim's Fish Camp on Tory Island is due to his wonderful faculty for making friends and winning the esteem of his customers. It is perhaps because he takes an interest in other people and appreciates the patronage extended the camp.

During the time that he has operated Slim's Fish Camp, Mr. Corbin has been keenly observant and alert to the condition and needs of his community and has taken a pronounced view of this type.

Our issue today proposes to call the attention of our readers to some of those progressive and civic minded people who have down through the years contributed their share of time and energy to the building up of Belle Glade to the position which it enjoys at the present time.

One of the people to whom we call attention of our readers is Mr. Ralph Bennett of Ralph's Shell Service at 509 N. W. 12 St., where good service is profession. Ralph is a person who has never spared himself in his aggressive march forward and

B. A. Russell

The Glades area owes much to those progressive citizens who are taking an active part in the growth and expansion of the section, and who have brought good publicity for many miles around. In mentioning some of these people, it is only fair to include Mr. B. A. Russell of B. A. Russell Co., Produce Packers Supplies at 1000 W. Lake Rd.

His knowledge of the business plus his years of experience in this line have brought him to the forefront in this field. Mr. Russell wholly deserves our sincere praise and these few words of commendation are but a just recognition for the many activities he has conducted on behalf of the welfare of the community in business dealings.

The honest and successful conduct of Mr. Russell's affairs is not only a reflection of his character, but also has been a strong factor in maintaining him in a position of leadership in business life.

We trust that B. A. Russell will continue to serve the people in this section for many years to come.

whose competitors respect him as much as do all with whom he comes in contact. At this friendly station you not only find good Shell products but all the extra services that make a good station better.

Ralph is at an times conscious of his civic responsibilities and may be depended upon to meet in every detail the many opportunities which present themselves to be of service to Belle Glade.

JOHN L. REMSEN'S opponent?

★★★★★

In this important campaign for the School Board, up to the present time, John L. Remsen's opponent has made no announcement of his candidacy nor has he stated his background, qualifications or platform. You, The Voters, are entitled to know BOTH candidates. The five city directories in Palm Beach County list 891 persons named "Williams." Rumors have identified this candidate as various other persons named Williams and we believe further confusion should be avoided. John L. Remsen's opponent is Alton R. F. Williams, 500 S. podilla Avenue, West Palm Beach, Negro owner and operator of the Williams Collection Agency. His interest in education is indicated by the fact that he declined to serve as a member of the Advisory Committee of Roosevelt Jr. College.

Methodist Men Set Sermon Topics Friday Fish Fry

The Men's Club of Community Methodist Church, Belle Glade, is sponsoring a fish fry on Friday, Apr. 29 at Belle Glade Municipal Park from 5:30-9:00 p. m.

Proceeds will benefit Boy Scout Troop 622 and Explorers Post 622. Boy Scouts have conducted an all-out drive to sell advance tickets; however, tickets will be on sale at the fish fry.

Monies will be used in taking care of essential expenses and needed supplies for the Boy Scouts. Donation for adults is \$1.25 and 75 cents for children under 12 years old.

The fish fry is under the direction of Sidney Smith, Jr., chairman of the scout committee; Herman Close, Emil Wolf, Kenneth Lutz, Jr., Vincent Marquess and Marvin Smith.

St. Peter's Lutheran Church: "The Good Shepherd and His Sheep" will be the subject of the sermon to be delivered by the Vicar, Rev. August Koerber at the morning service on May 1.

Community Methodist Church: Dr. Carl Stewart, a Missionary to Cuba will be the guest speaker at the Sunday morning service at 11 o'clock. The evening service at 7:40 will begin the program of National Family Week. The Rev. Lee D. Rustin will use as sermon topic "The Tender Years."

First Baptist Church: "Is Your Heart Christian?" will be the subject Sunday morning of Dr. Sam S. Hill, pastor. In the evening Rev. F. O. Polston, Missionary in New Mexico will bring the message.

Northside Baptist Chapel: At the morning service Mrs. Doris Knight, missionary to Nigeria will speak and at the evening service, Rev. Edward M. Strainer will deliver the message on "Delivered From Sin."

Methodist Mother Will Be Selected

At the 11 o'clock service on Sunday morning, every member of the church that is present will be asked to vote for the Methodist Mother of the Year from the membership of the Community Methodist Church. Nominations will be based on the mother's activity in the work of the church and the church school and the community, her relationship to her children and the kind of home she maintains; and her influence as reflected in her children and their relationship to the church and the community.

The Methodist Mother of the Year will be announced at the morning service on Mother's Day, May 8.

Rev. Preston To Speak From Book Of Genesis

Sunday evening at 7:30 will begin a series of messages on the Book of Genesis at the Everglades Presbyterian Church, according to Rev. M. M. Preston pastor. The series is recommended by the general assembly of the entire membership of the Presbyterian Church. Pioneer and Senior youth meetings will begin at 8:30 p. m. instead of the former hour of 6:00 o'clock.

...THOUGHT

"BLESS THIS HOUSE"

By Dr. S. S. Hill

"Therefore, now let it please Thee to bless the house of Thy servant that it may continue forever before Thee." II Samuel 7:29

During the month of May special emphasis is given concerning the Christian Home. Among Southern Baptist Churches Home Week is one of the most important weeks in the year. We all are familiar with the song "There's No Place Like Home" which is certainly true.

One of my friends visited a English couple in London some years ago. The home of this couple was surrounded with destruction because of the recent war. However, the couple seemed to have a peace and a devotion to each other and a love for their home that was so impressive. As my friend talked with them he was wondering why they were so peaceful and happy in the midst of so much destruction. He understood, however, when he observed the motto over the entrance of their home. "Lord, make my house Thine until Thine shall be mine."

David wanted to build God a house but this was not to be. His disappointment melted away when he thought of the many blessings God had given to him and his house. He was able therefore to say, "Therefore, now, let it please Thee to bless the house of Thy servant that it may continue forever before Thee."

When a couple through marriage establish a home it is so important that they begin their lives together in a Christian home. When children are born it is even more important, that the children come into a Christian home. Children need all the understanding, love, and guidance that Christian parents can provide. Those of us who have never known anything but a Christian home find it difficult to understand why families fall apart and all sorts of trouble results whereby. Do you live in a Christian Home?

Mrs. Dulany Hostess To Araminta Circle

The Araminta Circle of the Women's Society of Christian Service met at the home of Mrs. John Dulany Thursday a. m. with Mrs. M. M. Sabiston, chairman presiding.

Mrs. Dulany gave the devotional and Mrs. Herbert Chapman gave the program.

The group made plans for the May general meeting of which the circle will have charge. A report was given on the Easter basket sales which totaled \$75. The proceeds will be used toward the remodeling of the kitchen.

There were 11 members present with the chairman, Mrs. M. M. Sabiston presiding.

New Church Is Organized

Baptist Churches all around the lake met with Northside Baptist Mission at Clewiston Sunday at 2:30 p. m. to participate in organizing this mission as a Baptist Church.

Elder Roe Johnson was moderator; secretary, Clyde Shurley; E. L. Johns read the certificate of faith; Elder Fred Robbins of Salerno read the church covenant; Elder M. M. Martin, Okeechobee read the organizational prayer. Elder Roe Johnson was nominated and voted in as pastor of this promising new church. The group also adopted the name as the Northside Independent Missionary Baptist Church, and voted to associate with local, interstate and state association and the American Baptist Assn.

The Presbyterian message was brought by Elder Albert Garner, president of the Lakeland Baptist School and Seminar, also editor of the Baptist Anchor. He chose as his subject "Things We Have Seen and Heard" taken from Act 4: beginning 16th verse.

Other preachers attending were Elder Ruben Barfield, Canal Point Elder Allen Norman, Lakeland, Elder Claude Bass, Keenansville. Ordained deacons present were David Sullivan, Clyde Shurley and Hovis Prevatt.

Attending from the Chosen Baptist were the E. L. Johns family, Elva Prevatt family, the Clyde Shurleys, the David Sullivans, the Hovis Prevatts, Elmer Scurluck and children, Mr. and Mrs. E. J. Johnson, Mrs. Dora Green and girls, Mrs. Helen Watson and girls, Mrs. Irvin Gilson and girls, Mrs. H. J. Martin and Kenneth, Arthur Nelms, Mrs. Bobby Gilson and girls, and Mrs. Buford J. Jermann.

The Fair Auxiliary of Northside Baptist Mission held a "forward step meeting" and also practiced on the skit the girls will present at the associational meeting at Boca Raton over the weekend. Thirteen girls are planning to attend.

The girls present at the meeting with their counselor, Mrs. Sara Collier were Vicky McCarty, Ruth McGee, Eleanor Collier, Pat Weathers, Betty Ann Barbree, Judy Workman, Kathy Ogle, Gwen Whidden, Gwen Allen.

Tribute To Jimmy DeGraw

The Belle Glade Chapter of Rainbow Girls, joined by the members of the Junior class of Belle Glade High School, presented to Mrs. Flo Jones, Memorial chairman of St. John's Episcopal Church, a fund for the purpose of installing a memorial for James Byron DeGraw, popularly known as "Jimmy" to the more than two hundred teenagers.

Both organizations attended the church funeral and the burial services at the Foreverglades Memorial Gardens in a body.

This tribute, spontaneous from the groups, to a fellow student who had been an active participant in their affairs, brings admiring satisfaction from their elders at the thoughtfulness so aptly displayed.

The reverent attitude of these young people, with many eyes moist to fully flooded, indicated thoughts of respect and trust in the Divine plan that carried the bubbling Jimmy from their midst.

Youth Council To Be Formed At First Baptist

Plans are underway to form a Youth Council at the First Baptist Church, according to Brown Satterlin, new minister of Music and Education. All youth of the church between the ages of 17 and 24 are automatically members of the council. At a mass meeting which will be called, officers will be elected by the Council along with adult advisors.

This Council can be largely responsible for a wonderful Youth movement in our Church. Objective of the Council:

1. To bring Christ to the front in every young persons life.
2. To provide opportunity for Spiritual growth.
3. To provide more opportunity for Christian Service.
4. To work for and intensify interest in the Sunday School and Training Union of the Church.

W. S. C. S. Meeting Pledge Service May 3

The general meeting of the Woman's Society of Christian Service of Community Methodist Church will be held Tuesday May 3 at 8 p. m. at the church. The Araminta Circle will be in charge. The program will be on "Jesus, The Light of the World."

Beautiful Art Work Attracts Many To Exhibition By Omicron Chapter

The art exhibition sponsored by Omicron Chapter of Sigma Eta Sorority of Fine Arts, Inc. in the Community Building at Canal Point proved a huge success despite inclement weather. The exhibits of paintings, oils, water colors, crayons and charcoals, augmented with tables of beautiful ceramics and handwork were well received by the scores of guests attending during the afternoon.

The refreshment table, presided over by the Misses Hand, Masonic and Sellers, was beautifully decked out with white tablecloth over rose taffeta, with crystal punchbowl, silver candelabra holding pink candles, and silver bowl of Easter and Cala lilies with other spring flowers.

During the afternoon Mrs. Lillian masonic played soft organ selections. The organ and piano were placed behind an improvised screen of potted palms.

Mrs. Virginia Adams, assisted by Mrs. Pearl Santee, president, and Mrs. Barrett, National Director, welcomed the guests to the door. Mrs. Bernice Sellers assisted by Mrs. Anna Faulk.

Mr. and Mrs. David Questel left last week to make their home in Illinois. Mr. Questel was formerly with the USDA at the Experiment Station.

FFA Chapter Wins Three Categories
At LaBelle Sub District Competition

Miss Martha Brent, Belle Glade Future Farmers of America Chapter "Sweetheart" won the subdistrict title in that department last weekend at LaBelle, according to S. S. Lovell, chapter advisor.

On the chapter's parliamentary procedure team and softball squad also ranked in the winner's circle. Miss Brent and the two teams will compete in district competition among 25 or so clubs at Pahokee May 6-7, Lovell said.

Miss Brent won with a modern dance and pantomime act. In the softball competition, Cleveland beat Moore Haven 10-0. LaBelle's team eliminated Ft. Myers and Belle Glade stopped Pahokee. In the play-off, Belle Glade's FFA diamond squad beat Cleveland 6-2 then stopped LaBelle 7-6 for the title.

The parliamentary procedure team of Alvin Schlechter, Carl Norris, Russell Barry, Richard Barrett, John Kelting and Darryl Wood, won the nod of the judges based on their responses to questions posed by the judges.

Dennis Alford was team captain and Sam Knight was on the mound for the pitching victories. Lovell commended the fielding of the Belle Glade team was tops—as predicted before the contests.

Speech Classes Weigh
Teaching As Career

Last Thursday one of the Senior Speech classes presented a discussion on "Teaching As a Career." April is "Teaching Career Month," and the students discussed such things as what makes a good teacher, the influences of a teacher upon the students, and the advantages and disadvantages of the profession. The other speech class will present a similar discussion for the FFA in May.

Well, here we are again. Cupid and I have his bows and arrows aimed and aimed to bring some couples together at BGHS. Cupid and I have been around a lot lately, but not too much has happened.

I'm proud to say that Cupid was well pleased on the job he helped fix with Charles Poole and Becky Hill, and also Glenn Bair and Bonnie Jean Anderson. He said that with pretty good match and looks like things are smooth now. I don't think Cupid had anything to do with this couple. I think it was mostly fate. He said he thought they looked real cute together. Well, we thought we had things figured out with Linda Rhymes, but things just backed. Cupid had been thinking hard about her but it isn't doing good. Linda just will not give us any clues about anything.

Cupid and I and a couple of other guys and dolls went riding around the other night. We figured there would be a happening that night, but we found out differently.

We saw Sandra and Wayne riding around so everything looks O. K. with them. We also saw Russell and Jackie out that night. Cupid said he thought that they made a cute couple.

We stopped at the Dixiana and had a glass of tea, and we saw Billy Love and Jerry Rhymes, and by and then a few minutes later we saw Betty Sue Broome and Pat Webster go by. Cupid told us he was going to see what he could do for that bunch.

While still sitting there and talking, we saw Linda Rhymes, Mary Ann Tilley, Paula Parsons and Bobbie Kirchman go by. I wonder what they were looking for. Could it have been boys, girls? Come on and let us know all about it.

We left there and decided to go over to Ray's in South Bay to see what we could find. There were quite a few teenagers there. They were all dancing and having a good time. Linda Rabin, Steve Kaurman, Clarence Throp, Johnny Bass, Barbara Stone, Timmy Bass and many others were there. Cupid said he was trying to see what he could find, but it is hard to do. He said he thought: Clarence Throp and Francis Rabin had been making some cute couples. He said he worked on it. A Expression.

Rams Sunk By Seacrest 3-0 Monday
Face Forest Hill High On Friday

Seacrest stopped Belle Glade High's baseball squad 3-0 Monday afternoon in the final Suncoast Conference test of the spring season for both squads. Rick Lutzinger added another victory to his string which wasn't needed for Seacrest High to cop the southern division conference title.

It was the second loss of the past week for the Rams and the second straight loss for Ron Hudspeth. Ron lost a chance at another victory when Clewiston eased past the Rams last Friday 6-5.

Seacrest scored in the second inning with a triple by James Richardson. The bases and Mike Vitale singled home Nettles and George.

It was the second shutout of the season for Seacrest. They struck out seven and walked two while allowing four hits. Vitale for Seacrest and Hudspeth for Belle Glade each got two hits to lead their teams at the plate.

Seacrest Wins Track Meet With 108
Belle Glade Places Third In Meet

Although Seacrest High School won nine of 15 events at the Apr. 20 Suncoast Conference sub district track meet at Del Rio Beach, Lake Worth beat them along with Belle Glade's track team, which ranked third.

With two other conference schools not separated, Lake Worth got 108, Seacrest 85½ and Belle Glade 50½.

The 880-yard relay team topped the only Belle Glade first in the running department while Tommy Mann won the pole vault with a 10-ft. 3-in. vault that set a school record.

The relay team consisted of Robert Welty, Johnny Bass, FTA Sponsors Teacher Appreciation Week

The Belle Glade High School Future Teachers Association sponsored a "Teacher Appreciation Week" during which time each home room was responsible for displaying a poster using Teachers as the theme.

A \$5.00 prize was awarded to Mr. Hill's homeroom, 10-1, for the best poster.

On Thursday each teacher was presented with a shiny red apple. Thursday afternoon a tea was given honoring the faculty members.

Our teachers do a fine job, giving many hours of their time and making many sacrifices for the students. We take this opportunity to say "thank you."

Belle Glade Teachers Attend FEA Convention

Teachers at Belle Glade High School held a planning day Apr. 22 during the second day of the Florida Educational Association convention at Miami while delegates and other teachers attended the affair.

Delegates Vincent Marquess, Elmer Brereton and Wayne Fortenberry attended both Thursday and Friday sessions and were joined Friday by Principal Pellon Morris, Emory Bowers Eugene Williams, James Maynor, Mrs. Margaret Earwood and Mr. and Mrs. Roy Littlefield.

As the students stayed home Friday, those teachers who did not attend used the free day as a planning period.

It's Busy Season

For Art Department

The art department of Belle Glade High School has been busy this month working in drawing, scratchboard, and ink etching.

Along with our regular classroom work we have found time to help our other departments. Last week Linda Levine did a Lancelot board display for the V. H. A. convention to be held by Helen Hart in Clearwater.

Homers Frasure and Ronnie Perkins did a rose window for the cafeteria bulletin to suggest the Easter season.

The past week we contributed to National Library Week by lending a collection of our book design to the Woman's Club for display in a downtown store window. We enjoy helping when we are needed.

Our annual art show is April 28th and every art student from grade 1 through 12 will have opportunity to enter it. We anticipate an interesting display.

Girls-Boys State

Candidates Named

Representatives named for the American Legion Department of Florida Boys' and Girls' State encampment in June were announced this week by Principal Pellon Morris at BGHS.

The largest delegation from the Belle Glade area ever to attend the government - student event was selected this year as three new sponsors were added to the list.

Those named to attend Boys' State June 18-25 are Philip Mansfield and Dan Willis. Frank Matthews and Alvin Schlechter. Sponsoring the boys this year in addition to Everglades American Legion Post 20, originally sponsored the attendance, will be the Belle Glade Elks, who have sponsored boys in the past, along with new comers, Belle Glade Rotary and Belle Glade Volunteer Fire Department members.

Selected to attend Girls' State are Jayne Kirchman and Stevie Kaufman. They will be sponsored by Auxiliary Unit 20 of the Legion and the Belle Glade Jay-Cettes. Exact date of the girls' encampment was not announced; however, it is expected that they will make the trip shortly after the boys return from Tallahassee.

Report Cards Out May

Report cards for the fifth reporting period will be issued May 2 at Belle Glade High School, according to BGHS Principal Pellon Morris.

Only one more report period remains in the school year which ends June 10, Morris said.

Local Elections

Petition filing deadline for those students who will seek BGHS Student Council offices next year was Wednesday, Mar. 23. All potential candidates must have presented a petition signed by 25 students to be eligible for the races.

The election will follow an assembly program which has not yet been placed on the school's agenda of programs.

Students accomplishments in industrial and fine arts will be on display today at Belle Glade High School's annual art exhibit, according to Wallace Burke and Mrs. Margaret Earwood, the school's industrial and fine arts teachers.

Open house for the public will be held this evening from 7-10 o'clock in the high school auditorium and industrial arts building.

Fine art exhibits of drawings, ceramics and finger painting will be featured along with industrial art displays composed of five areas, wood, metal, electric crafts and drawings.

All projects or exhibits were individually made and designed, commented Mr. Burke. This exhibit is an opportunity for every elementary child to display his or her work, Mrs. Earwood said.

Mrs. Minnie Williams is coordinator for school displays, and all work will be set up Saturday at the art gallery at West Palm Beach.

Because of space commitments and because the school wants to show parents the facilities of the industrial arts department, Burke said, some exhibits will be on display during the open house in the industrial arts building located west of the gymnasium.

Other highlights of the convention include the election of state officers, a banquet at the Galt Ocean Mile Hotel and an sponsors' luncheon at Coach House Harbor.

Out-of-town judges this year are: Mrs. Jewell Volkoff, Forest Hill High art teacher; Miss Barbara Bailey, Palm Beach High School; Mrs. Frances Otto, Lake Worth High; and Mrs. Ann Donahue, Pahokee High School.

Industrial art displays will include a crystal radio, lamps, tables, gun racks, shelves and a hydroplane boat among other examples. Crayon, water paint and pencil drawings will be among the fine arts display.

The Norton exhibit is jointly sponsored by the American Classroom Educational Assn., Mrs. Earwood said.

Candidates Came Public Just Didn't

It was reasonably estimated that there were two candidates for every voter present at the Tuesday morning Belle Glade Chamber of Commerce coffee hour held for the purpose of presenting the candidates to several offices to the public. It was the second coffee hour staged by the chamber, and the reaction to both was lukewarm. Herald Publisher and Editor Luther Jones was master of ceremonies.

Candidates were introduced; handshaking and card-passing was the rule. Following the hour's activity, candidates disbursed to continue their Glades campaigning.

Station Field Day For Vegetables

Everglades Experiment Station will conduct its annual vegetable crops field day at the station May 4, according to Dr. W. T. Forsee, Jr., chemist-in-charge. John H. Causey, Assistant Palm Beach County Agricultural Agent will preside, Forsee said.

Station scientists will be featured on the program which stresses the latest developments in vegetable crop research at the station.

Following the morning session, a barbecued chicken box lunch will be served on the grounds. The afternoon session will feature a tour of the experimental plots, Forsee said.

Complete program for the day will be found on Page 17.

Post 20 Attends District Meeting

Everglades American Legion Post 20 representatives attended the Ninth District Constitutional Conference at Okechobee Apr. 24 where John J. Adams, Greenacres City, former executive committeeman for the district, was named 1960-61 District Commander.

Legionnaires attending with Post 20 Commander Randolph Livingston were Jack Rashley, Tom Swager, Bill Hearn, Wilfredo, H. A. Vaughn, Jr., J. B. Jones, Ralph Freeman, Toby Gay, Virginia Larrick and George Farnall.

B&E Suspect Arrested

Belle Glade police arrested Jack Harmon, a Belle Glade Negro, for attempting to enter an apartment over Lane's Machine shop Apr. 24. The Negro claimed to be employed locally; however, a check of his information revealed that fact to be untrue.

Arrested by Patrolman Griffin and Zuchelli, Harmon was turned over to the Glades office of the county Sheriff's Department.

Duda & Sons Co-op and Kilgore Seed Co.

Registration
Following a meeting of coaches and workers next Tuesday at 8 p. m. at the high school activity room, final schedules will be announced. No players are to be present at this meeting.

Registration forms will be issued today and are to be returned by Friday—Monday at the latest.

Officers
With Wilkinson are newly-elected first vice president Sam Crissman, who retains his commissioner post; second vice president Charles Burgess; acting secretary-treasurer Mrs. Lois Kirehman and Walter Mosley, Jr., in charge of umpires. Other posts will be announced later.

Play-Offs
An all-star Pony League team will be picked from the three runner-up teams to play the league champs at the close of the season. A Little League season winner will be named; however, two all-star teams will be chosen to play a post-season game. This is a change from last year when one all-star team played the season winner.

Appreciation
Wilkinson expressed his appreciation to all those who are helping with the baseball program. He especially thanked the Belle Glade city commission for directing city equipment to grade the field and haul clay to condition the field.

A vote of thanks was also extended to Seminole Supply Co., and "Buddy" Lutz for donating material and labor to build a new refreshment stand.

Mrs. Edna Giese and children. Mrs. E. D. Alford, Jr., Mrs. F. W. Reynolds at Bartow. They returned Sunday.

Attending the BPW District luncheon meeting at the Clewiston Inn Sunday were Belle Glade Business and Professional Women, Mrs. Verda Mathewson, Mrs. Letha Rockwell, Mrs. Rosa Nash, Miss Gloria Cross, Mrs. Lucille January, Mrs. Annie Clayton, Mrs. Anne Quinn and Mrs. Agnes Gressinger.

Message to Friends and Supporters of George Butler

One of the most gratifying things that can possibly come to me as a result of this campaign has been the heart warming response from my many friends — both known and unknown — who have voluntarily set themselves to work in my behalf.

My home phone has been ringing constantly with calls from my friends and friends of my friends, all announcing that they have started working for me from the moment I filed.

I know that all these fine people will realize that I cannot possibly get around to see them — or even telephone — to give thanks and encouragement. This is impossible because of the short time available to me in this unexpected campaign.

Rather than writing to thank you AFTER the campaign, as is usually done, I wish to thank you NOW, from the bottom of my heart. THANK YOU and please keep up the fine work. WE SHALL WIN!

Dear Friends,

In view of a recent paid advertisement appearing in this paper, I feel it fair to clarify several things that need clarifying.

As a resident of the Glades for the past thirty-three years, it has always been my intention and aim to be both fair and square in my dealings. Many of you already know that for almost two years I have represented the Palm Beach Chemical Company in the Glades territory, serving you with Sanitary Chemicals and Janitor Supplies for Hotels, Motels, Institutions, Restaurants, Bars, Service Stations and etc. The company I represent is one of the largest and longest established serving Palm Beach County.

It has been the policy of my company to back me up at all times to make sure that you, my customers are always given the best of service, the fairest prices for good merchandise, and a money-back guarantee with everything we sell.

Along with the above, I am in a position to give you on-the-spot service, and the largest selection of nationally advertised merchandise available. Among the nationally advertised brands we represent are the following: Simoniz, Rochester Germicide, Stevens & Thompson, American Floor Machine, Odorite of Florida, Aireactor of Florida, Airkem, Proctor & Gamble, Armour & Co., Gorham Silver Polish, White Mop Winger Co., The Lawson Co., The American Dispenser Co., Southern Chemical Co., Fuld Brothers, Camp Sewage Chemicals, Kimberly-Clark, The Hoffmaster Co., and many others.

Coupled with our variety of quality lines, we are able to make carload purchases and pass the savings on to our customers, which I know is of utmost importance to everyone.

In general I don't think anyone can do for their customers any more than I have always pledged to do. Your continued patronage and cooperation will be as ever appreciated.

Last of all, don't forget - for dependable service I am just a phone call away from you at all times.

Most Sincerely yours,

J. B. Jones

Pahokee Electronic Sentinel Aids Our Vital Air Navigation System

At Pahokee, a 20th Century electronic sentinel quietly, continuously sends out its vital signals 24 hours a day to make Pahokee an important link in the nation's air navigation system. Within 30 days an important new scientific feature is to be added.

Called by Federal Aviation Agency experts a "very high frequency omnidirectional radio range," this modern aid to air navigation at Pahokee is a part of a vast web, an invisible electronic network that laces the nation to form the federal airways system. The airways are used by both civil and military airplanes.

Operated and maintained 24 hours a day by the Federal Aviation Agency (FAA), this Pahokee omni-directional radio range, popularly called a "VOR," is immediately controlled by the FAA's West Palm Beach Communication Station and Tower (CS/T).

The "VOR" is easily recognized by its unusual shape. Enclosed in an eight foot high plastic cone, it is mounted on top of a 10-foot high building. From safely inside the protecting plastic cone, the "VOR" antenna sends out static-free radio signals 150 miles in all directions. Special instruments in an aircraft flying overhead pick up these signals and, at a glance, the pilot can tell if he is on or off his course. Each of the more than five hundred "VOR's" across the nation has a special frequency and a Morse code identification assigned to it. Tuning in on these, the pilot can, by "leap-frogging" from one to another, fly a known route to almost any point in the United States. This elaborate system of modern air navigation, combined with other electronic marvels, forms the more than 155,000 mi. of high ways across the country.

Another important feature of this modern type air navigation aid is its ability to transmit helpful weather reports and special flying conditions from ground communications stations. This daily functioning air aid is another step forward for the FAA in its plan to install and operate more than 1200 "VOR's" throughout the United States and its possessions.

Within 30 days the FAA will put into official operation another feature with this already capable electronic equipment. At the present, with this "VOR" and other "VOR's" in the area, the pilot can tell exactly where he is at all times. Within a month Pahokee "VOR" will be equipped with a "distance measuring" feature. Using this feature, the pilot can tell just how far he is from an given point. When this feature begins operation the present "VOR" will in the 13th annual tournament popularly be called "VORTAC."

Survey Confirms Emphasis Placed On Need For Worker Education In 60's

EDITOR'S NOTE: As discussed in previous articles by A. W. Mayo, the nation's population boom will not exclude the Glades. This article's articles seek to bring the reader information on what is expected to happen in order that our community may prepare itself for the inevitable.

Florida expects to increase its population 55.2 percent or by more than 2.7 million during the 1960's. This is the highest percentage increase of any state in the union and second only in total numbers to California where population increases have been pegged at 3.3 million.

These figures are based on recently-published figures by "U. S. News and World Report" magazine which only provides exclamation points to a U. S. Department of Labor survey which predicted abnormal increases in labor forces and their needs on which this series of articles is based.

For Youngsters
Youngsters should know that they must prepare themselves for a rapidly changing and more complex world of work. More education and training will be needed with must be willing to compete more keenly for the better jobs. This means that education and training in the U. S. will get even more emphasis in this decade.

Conclusions
High school enrollments will continue to increase by nearly 50% and colleges push ahead nearly 70%. And this means 70 percent of the new young entrants into the labor force in the 60's will be high school grads or better. Despite this fact, large numbers of workers—7.5 million of

them—will not have completed will need more education for high school and 2.5 million of jobs in the 60's, and the man these will not have completed ament field must decide what even a grade school education. To do with the large number of In this category, then, the workers entering the field with problem is two-fold. Workers the lack of education.

For Employers
To the employer these projections mean that the employer will have a bigger stake in a sound educational program. A larger portion of younger and/or more inexperienced persons must be hired. Employers will have to provide better training on the job and concentrate on supervision and safety education. More turn-over can be expected and more part-time workers are to be expected.

We suggest a good look at John McCarty for Governor."

Boca Raton News — April 19, 1960

"In our opinion, the one candidate who embodies the qualities most needed in a Governor and who combines with these qualities a sound awareness of the interests of South Florida is John McCarty of Fort Pierce. He is a man of high character and a man of fine character with a spotless record. He is vigorous and in the prime of life. We believe he will bring to the office of Governor the qualities of mind and spirit most needed to steer the State through the times that lie ahead, and that he will not only be a Governor of whom all Florida can be proud, but that he will provide the leadership to give South Florida the attention and recognition it deserves and which it has not heretofore received in Tallahassee."

David Stewart is the only candidate for Tax Assessor who is qualified by 13 1/2 years experience in the Assessor's office.

He pledges that he will be a full time Assessor with no other job.

Stewart advocates and will work for:

- (1) A \$3500 exemption (in addition to Homestead Exemption) for every Fla. resident over 55 years old.
- (2) Increase widow's exemption from \$500 to \$1500.

Stewart will be in Flagler Park, West Palm Beach, Thursday, April 28th, at 8:00 p. m. to answer questions from voters and taxpayers.

The duties of Tax Assessor have prevented him from contacting all voters personally.

It is significant that the candidate for Governor that leads all others in endorsements by Florida's newspapers is Doyle E. Carlton, Jr.

Special Election Year Series

YOUR CANDIDATE

The year 1960 has been termed one of Florida's most important election years. From the governor's race to the smallest county office, a bevy of candidates announce their intentions to the public. Through this series, The Herald will introduce the readers to the various aspirants between now and election time.

E. V. FISHER

Candidate For Secretary of State
E. V. (Gene) Fisher, former State Motor Vehicle Commissioner, is a candidate for Secretary of State in the Democratic primary.

Fisher, 53, is a native of Polk County and was educated in the Madison County public schools and was graduated from

the University of Florida as an accounting and auditing major. "I have but one special interest—the progress of Florida and the welfare of its people. It is from the ranks of the people that I will draw my support."

Fisher pledged he would maintain in the office of the Secretary of State "the same prompt, efficient, courteous and economical service" that has characterized the long and distinguished administration of Capt. Bob Gray.

Fisher served as vehicle commissioner under the late Governor McCarry and in the State Road Department under Governor Collins. He resigned this post to prepare for his campaign for Secretary of State.

He has pledged to serve faithfully on the boards, commissions and other agencies as a member of the State Cabinet.

Personal

Married, Fisher has two daughters. He's a former pro baseball player; worked in the Volusia County Tax Assessor's office for 20 years. A Methodist, Fisher is also a Mason, Shriner, Elk, Lion and Farmer Jaycee.

EDWARD NELSON

Candidate For County Commissioner

Edward Nelson, of Jupiter, is a candidate for the county commission seat held by Kenneth Foster in district one. A Florida resident since 1952, Nelson is a native of New York City and is "My platform has but one issue," Nelson says, and that is "the right of the people to vote by referendum ballot on all major issues affecting taxation and the liberties of the people—liberties guaranteed by the Constitution of the United States."

"I firmly believe that the inefficient administration of the

county commission office has resulted in excessive taxation with no representation, resulting in what is commonly called a "port barrel" which can be used at the commissioners' own discretion.

"It is my belief that it would be squandering the taxpayers' money to destroy the International Airport which has cost approximately \$100 million and given to the people by the U. S. Government—free—and contemplating building a new one with the people's tax dollar."

Personal

A building contractor, Nelson is a member of the National Home Builders Assn. of the United Brotherhood of Carpenters. He is a past president and founder of the joint Chamber of Commerce of Charlotte, Richmond and Hopkinton, R. I.

He is a native Floridian; he served with the U. S. Marine Corps in the Pacific from 1942

to 1946, and after his discharge completed his college education and received his law degree from University of Miami. He then entered the Federal Bureau of Investigation as a special agent before becoming the criminal investigator for Palm Beach County in 1952. In this position he was charged with the duty of investigating major criminal cases and corruption in city and county government, he says.

THOMAS EDWARD DAVID

Candidate For Governor

Continuation of promptness and efficiency in service and efficiency in the administration of state elections were major points of the platform announced by Angus Laird, candidate for Secretary of State.

In reference to reapportionment, Laird stated that it is the responsibility of the legislature to develop a fair reapportionment formula and that if the issue should be referred to the voters it is the responsibility of the Secretary of State to see that an honest election of the issue is held.

As for his own personal life, they were expressed long and distinguished major public issue in a book of which he was co-author, "The Government and Administration of Florida."

Platform

In addition to the above stated platform planks, Laird pledged himself to serve the best interest of the entire state as a member of the boards and commissions which supervise and control the administration of our hospitals, universities, correctional institutions, schools and other public institutions.

Other platform planks are being presented by advertising and release to the daily media.

J. L. McMULLEN

Candidate For Secretary of State
J. L. McMullen, 46-year-old Live Oak businessman and attorney, is a candidate for the office of Secretary of State.

In announcing for this state cabinet post, McMullen said that the man who will be elected to succeed Gray in this position must meet the challenge of continuing prompt, efficient and courteous service for which this office is recognized by the people.

Many people know David best for his work in Florida's mental health program; prison reforms; road code; migrant labor reforms and strong efforts to obtain fair reapportionment.

He is an elder in the Presbyterian Church; member of board of trustees, Florida Presbyterian College; an Elk, Lion, Legionnaire; associate member, Hollywood Jaycees. He is married and has four children.

Honored by the Florida Junior Chamber of Commerce as an outstanding young man in his own community and through out the state, David has been nominated on several occasions as one of Florida's all time Top Ten Most Distinguished and Outstanding Legislators.

Carey A. Reams, founder and owner of the International Agriculture Laboratories of Maitland, Fla., is a candidate for Commissioner of Agriculture.

"I am against the reorganization of the Department of Agriculture as proposed by the Agricultural Service Committee to the 1959 Legislature," Reams said. The proposal for reorganization destroys that which Nathan Mayo has done so much to build, in that it abolishes the State Plant Board, Agricultural Marketing Board, Milk Commission, Dairy Division. All of these departments are essential to the general welfare in that most of the men in these departments serve without pay as advisors to the Dept. of Agriculture."

Married with a family of five children, Reams is an active member of the Agricultural Chemical Engineers of America; a WWII vet and VFW member. He is authorized a book "The Farmer Wants To Know," covering Fla. citrus growing and agriculture.

Summing up his platform, Reams stated: "My entire ex-

HARRY M. ARKUS

Seeks Re-election to Public Utilities Commission

Harry M. Arkus, Tampa businessman, is a candidate for the Railroad and Public Utilities Commission seat formerly held by Allen Boyd. Arkus led a fight last year against a rate increase granted the Tampa area telephone company by the commission.

"I am making this race," Arkus said, "as a result of the telephone rate fight that we made. It was then that I came to realize more fully than ever before how seriously the commission's action can affect the economy of the working man."

He added, "I am a businessman, not a politician. If elected, I will function on a business basis. I have a plan whereby the people will be represented during investigation of all rate proposals on the same high-priced competitive level that these utilities are."

A veteran of WWII, he is past president and present director of the Uptown Merchants Assn., Tampa; member of Elks and Seminole Olympic Club.

Wilbur C. King, who has served as Commissioner of the Florida Railroad and Public Utilities Commission for over 11 years, is again a candidate for that office.

King, who has devoted 30 years to public service in Florida states: "During my many years as a member of the Commission, I have championed fair and intelligent electric, telephone and gas rates throughout the entire state. Naturally,

on occasion, I have been criticized for my stand by some short-sighted groups. But, my decisions in every case, have been based on extensive research and study, a thorough analysis of the facts and the ultimate benefit to the majority of the people."

King also points out that he has always approached the problem of utility rates with a progressive mind, alert to the needs of Florida's rapid growth.

"I supported the application of the Houston Oil Gas Transmission Corporation to bring natural gas into Florida only after complete assurance that the Company would be properly financed and equipped to serve the entire state. The availability of natural gas in Florida will mean more power for new and expanding industries, and more convenience for our homes."

Vocal Solos Entertain Woman's Club

The Woman's Club of Belle Glade met at the Clubhouse Wednesday, April 20th, with Mrs. Lee Puckett, Pres., presiding. This was the Annual meeting, in which officers reported were given.

Mrs. James Fraser presented the Devotional "The Golden Rule" after which Mr. Brown Settelring, the new Music Director for the First Baptist Church, entertained the club members with three vocal solos. Accompanied by Mrs. William Thibault at the piano, Mr. Settelring sang "The Desert Song" "One Alone" by Sigmund Romberg, and "When I Have Sung My Songs To You" by Ernest Charles.

It was announced by Mrs. Guy Wood that the installation luncheon would be combined with a fashion show, and would be held at the Educational Building at the First Baptist Church at 12:30 on Wednesday, May 4th.

Hostesses for the meeting were Mrs. William Gressinger and Mrs. E. O. Ward.

Marines, I graduated from Stetson University with a Bachelor of Arts Degree in Education. I was elected to the office of President of the Student Body for my senior year. I was admitted to the practice of law in June, 1951.

As to public service, I served six years as a Special Agent of the Federal Bureau of Investigation wherein I was engaged in espionage, sabotage and other matters pertaining to the Internal Security of the United States. I resigned with commendation from J. Edgar Hoover to accept the appointment as Assistant County Solicitor for Palm Beach County.

For the past two years, as Assistant County Solicitor for Palm Beach County and effectively prosecuted several hundred violations of the criminal code of the State of Florida before I resigned to return to the private practice of law, where I am a partner in the firm of Anderson & Hope.

I have been engaged in Community Red Cross work and the Elks Crippled Children Charity as well as other civic activities. I am married to the former Margaret L. Swanson and have two step-children of school age.

A number of issues of intimate concern to the citizens of Palm Beach County are present in the coming election but those that I feel are of paramount importance to our county are as follows:

EDWIN L. MASON

Edwin L. Mason seeks a full term to the office he holds as a member of the Railroad and Public Utilities Commission. An attorney and civic leader in every case, he was appointed to fill the vacancy on the board created when Allen Board resigned to accept an appointment of the Civil Aeronautics Board.

Mason served in Dade County as a member of the U. S. District Attorney's office, Justice of the Peace, Coroner and Small Claims Judge. Acting U. S. Commissioner and was a member of the Board of County Commissioners prior to his appointment.

His background of experience in public service, transportation, public utilities and law make me better qualified to continue to serve you as Railroad and Public Utilities Commissioner," he states.

Installation Luncheon For Woman's Club May 4

On Wednesday, May 4th at 12:30 p. m., the Woman's Club of Belle Glade will present their annual installation luncheon, which will include a fashion show. At the Educational Building of the First Baptist Church, local club members will entertain the Fahokey Woman's Club with a covered dish luncheon, and a style show which will be coordinated by Miss Jeannette Bass.

The luncheon committee will contact members concerning the necessary preparations.

It was announced by Mrs. Guy Wood that the installation luncheon would be combined with a fashion show, and would be held at the Educational Building at the First Baptist Church at 12:30 on Wednesday, May 4th.

Joe Taylor

The progressiveness of Mr. Joe Taylor has been proven by the fact that he is constantly adding to and increasing the package which Nick's Bar and Package at 84 Ave. A, extends to the public.

The large volume of business handled by Joe proves that excellent service and knowledge of the Bar and Package business are not just words, but something to be sought after to the fullest extent of his ability.

In addition to his close attention to business affairs, Mr. Taylor has never dodged his civic responsibilities and help in these matters has always been cheerfully given.

He fully appreciates the value of good will and has made this his share of that intangible commodity with which he meets both business and civic obligations.

Joe Taylor has many friends in and around this area and it is a pleasure to bring him before our readers in this review of progressive business people.

L. W. Connell

Any business that is operated on a basis of fairness and friendliness is destined to grow and growing businesses do much toward the expansion and prosperity of any area. We therefore wish to commend Mr. L. W. Connell of Connell's Gulf Service at 507 S. Main, for his service to the community and for his aid in community growth.

Connell and his employees make a friend of every customer and strive to keep this friendship through upright and honest business practices. Such as this help in making this area known as a friendly section where good-will prevails.

By keeping his business standards on such a high plane, Mr. Connell does his share in moulding a thriving community, but he does not hesitate to further aid by devoting time and financial assistance to the projects he deems most advantageous for the common good.

We thank Mr. Connell and his employees for the courteous and truthful manner in which they have operated Connell's Gulf Service and know that their strict adherence to such a high code will bring them more and continued prosperity.

Lenwood Fuller

To give honest, efficient and cheerful service is the basic foundation many progressive business men of the Belle Glade area have found to be the shortest route to success.

One of the men who fits this category is Mr. Lenwood Fuller of Case Rate at 340 W. Ave. "A". The popularity and patronage enjoyed by this popular grocery accentuates the ideals of courtesy and good service in the management of its operation.

The conduct of such business has done much to make the town folks happy and make them continue their patronage year after year. It is fitting that we give credit where credit is due to such people as Mr. Fuller for his part in the onward progress of the city. In doing so, we are merely putting into words the opinion of those who know him.

Lenwood has earned his success by the method in which he has accepted both his personal and business responsibilities, and we trust that he and Case Rate will continue to prosper.

Who's Who in Belle Glade Area

THIS SECTION DEALING WITH OUTSTANDING CITIZENS OF THE BELLE GLADE AREA IS AN ATTEMPT TO SET DOWN IN PRINT THE POSITIONS THESE CITIZENS OCCUPY IN THE EYES OF THEIR NEIGHBORS. NO ONE WROTE OF HIMSELF IN THIS SECTION. MATERIAL WAS GATHERED BY BOB AND GRACE BULLARD AS THEY FOUND CONDITIONS.

Ray Wilkinson

A man who prides himself on the quality of his work is assured of a host of satisfied customers who are also proud to be associated with and eager to give praise to him. Those that have done business with Mr. Ray Wilkinson of Ray's Radiator Service at 101 S. Main, are lavish in their praise of the quality of work and services received. It is therefore not surprising to find that Ray is popular in social and civic circles also for pride is a quality that most often is carried into all fields of endeavor.

We are proud to include Mr. Wilkinson in this review because of his solid citizen and key figures in the orderly progress of the area. His reliable and honest business practices deserve special praise and his standing in the community is assured because his basic business foundation is sound.

We therefore join with the customers of Ray's Radiator Service in pointing with pride to Mr. Wilkinson, a man providing a useful service in the community in a reliable manner.

T. J. Ellis

A successful business requires the leadership of a man with a thorough understanding of the needs of the customers. Leaders of this type must be included in this review of prominent business people.

We, therefore, call your attention to Mr. T. J. Ellis of City Barber Shop at 58 S. W. Ave. A. The host of his customers gladly recommend City Barber Shop in this review of prominent business people.

Mr. Ellis considers each customer a friend and is ever ready to support any movement planned for the further growth and prosperity of the Belle Glade area.

His business success has been largely due to his realization that in his contact with the people it is better and more gratifying to realize a fair and honest profit than an exorbitant one. For this and his other upright principles we are proud to include T. J. Ellis in this review.

M. E. Tyson

Successful business and professional men as a general rule show their appreciation for their success by the often repeated demonstrations of civic pride. This is a fortunate fact. Otherwise a city would be lacking in that progressive element which advocates and develops various projects of a civic nature that are indicative of an advancing community.

Mr. M. E. Tyson, manager of Babcock Florida Co., on Palm Beach Rd., is a man who has already proven that he never fails to lend a hand where it comes his turn to help on some worthy project promoted for the general betterment of Belle Glade and adjacent territory.

Mr. Tyson takes a genuine pleasure in this method of showing appreciation of the success of Babcock Florida Co., in this area and in so doing recognizes his civic responsibilities to the community.

It is such men as M. E. Tyson who become acknowledged as leaders in community activities, and we compliment him for having attained this position in the Belle Glade area.

Charles W. Echols

Mr. Charles W. Echols of Echols-Collins Electric and Plumbing 400 S. E. 1st, has learned the true character and makeup of his business and this knowledge, combined with his vast experience has made this business render valuable service to the people of this section.

As Patrick Henry once said, "I have but one lamp by which my feet are guided and that is the lamp of experience. I know of no way of judging the future than by the past." — so the people of Belle Glade and vicinity have come to depend upon Echols-Collins Electric and Plumbing because they know the forces which have fashioned and developed this business.

Charlie, as a business man is making substantial contributions to this section's welfare and progress and we are happy to include him in this review for he has set the principles by which his business is guided and his business, with a modern outlook combined with unforgotten lessons, is certain to prosper.

Al Angel
Charlie Angel

If a business is to grow and prosper in a city the size of Belle Glade the highest standard of operation must be maintained and two people, who without undue effort, have always adhered to the highest code in business dealing are Al Angel and Charlie Angel of Angel Brothers Texaco Service Center at 149 N. Main.

Considering each customer a friend, the feeling is mutual for people of the area are quick to compliment these men for their honesty and reliability.

Al and Charlie seem to realize that their success is due to the fact that they patronize the popular Texaco Station, and are ever ready to show their appreciation to them in any way possible.

We must include them in this review, however, not only for their fine business practices but also their contributions of time and money for worthwhile civic projects.

For Belle Glade's future growth and prosperity, we recommend a few more business establishments such as Angel Brothers Texaco Service Center and a few more business people like Al and Charlie Angel.

Joseph N. Kahn

In this review of outstanding Belle Glade business men we wish to call attention of our readers to the well-earned position which Mr. Joseph N. Kahn has attained in the business life of this section. During the time he has operated Kahn's Department Store at 133 W. Ave. A, Belle Glade and 142 Lake Ave., Pahokee he has made many personal friends as well as customers.

Joe has worked hard to deserve the confidence the people of the community have in him and he continues to work hard to maintain in every way that high standard he has set not only for himself but for the operation of Kahn's as well.

Joseph N. Kahn has shown a willingness to assist in every manner at his disposal in the growth and development of the section. He deserves our heartfelt congratulations upon the splendid record he and the business have already established, and we sincerely wish for them continued success.

Leroy Starling

In mentioning those people who have been closely associated with the growth, development and progress of this section from a better-business standpoint, we would be criticized if we fail to include Mr. Leroy Starling of Bridge Restaurant at 125 N. Main.

His honest, efficient and cheerful service to the people of this section has made his business successful and has gained for him the respect and goodwill of his customers. His upright business practices, thorough knowledge of the restaurant business and a desire to give his friends and customers a fair deal has made his business prosper even in today's highly competitive business world.

Leroy has never failed to do his bit in contributing to civic projects he deemed profitable for the home community and we feel he has earned his success. We are sure that Mr. Starling with his many friends and many customers, will continue to serve Belle Glade and vicinity for many years to come.

William Fralick

A business man that offers a service to the general public must have a certain extra ability and perspective in his mode of operation, for the intangible may only be sold by man's ingenuity or by past records. Therefore Mr. W. F. Fralick at 332 N. W. 12 Dr. is a man who has proved he can very successfully operate a Land Clearing and Excavating business should receive special acclaim. Establishing his business with a basic foundation of offering the very best in work at the lowest price possible to realize a fair and honest profit, has proved to be a laudable success and has built a business to which the community can point with pride.

Although not ostentatious in his contributions to civic ventures, Bill can always be depended upon to contribute to any plan for over all city advancement.

We congratulate Mr. Fralick for his contribution to progress by being a good businessman and for his contribution as a good citizen.

William "Bill" Jansma

Mr. William "Bill" Jansma has already won the respect and good-will of the people of Belle Glade by the manner in which he has kept Best Hardware and Sporting Goods at 109 S. Main in the foreground of the business and home life of this entire district. He is also to be commended for the efficient and friendly willingness he has displayed in accepting his share of responsibility in aiding community projects.

Bill is not the kind of a person who makes himself conspicuous by the manner in which he conducts himself either in business or other matters. His quietness and his air of confidence mark him as a person of sound judgment whose opinions and advice on Hardware and Sporting Goods is sought after and listened to with respect.

We congratulate Bill Jansma for the successful management of Best Hardware and Sporting Goods and also for his constructive advice and help on those community affairs in which he has found time to interest himself. He has already proven that he is a man whom many are proud to call a friend.

Bob Bowles

There are many men in Belle Glade who, without show or pretense, have established themselves in positions of prominence in the community. These men, who with keen foresight, took advantage of the facilities our town had to offer and built their business to such a degree as to make them a definite asset to the city, deserve an occasional word of praise and recognition.

Mr. Bob Bowles manager of L. G. Dowitt Brokerage Co., at 185 N. Main is a man whose business career has been most successful, and he has attained a high reputation for business sagacity and reliability in the city. Bob is an enthusiastic supporter of public enterprises and has shown his absolute faith in Belle Glade by his undaunted spirit in his business ventures. Such accomplishments would be possible only for a man of Mr. Bowles' caliber.

With years experience as a truck broker, Bob Bowles will remain in a position of popularity in business.

Bud Weekley

Almost every person in the Glades area is acquainted with Bud's Sod Service at 1009 N. E. 1st and we are glad its operator Mr. Bud Weekley may be brought before the public in this review of enterprising business people.

Bud's Sod Service is popular because it offers the finest in sod and has served the people of this area in a truly cosmopolitan manner. Mr. Weekley is constantly on the lookout for any new item or service to further modernize his business. Belle Glade is proud to have this firm and we congratulate Bud for keeping his business on a high standard of operation.

He has become a respected member of the community not only because of his pride in business matters but also because of his good neighbor policy. He has never failed to do his part to help Belle Glade regardless of whether the current project directly benefited him.

Walter Bailey
Howard Champion
Ken Leary

Walter Bailey, Howard Champion and Ken Leary who have built reputations as three of the more progressive business men in the area, performed a real service for the people of this section and their honest business dealings and contributions to the civic development of this section are too well known to require repetition in these columns.

Their success has been gained in a large measure because they never miss an opportunity to further the services their truck brokerage firm renders to the people. This is a policy which has and continues to build up good will for Bailey, Champion and Leary Ltd., at 508 N. W. 14th, Pat, throughout the entire area.

This brief tribute is but a just recognition of the many years of service which they have performed in the way of business activity.

We congratulate Walter, Howard and Ken on the outstanding record they have established and hope they will continue to serve the people of this area for many years.

Simon Gurkin

It is because of the unflinching optimism and faith which he consistently displays toward the future of Belle Glade and its citizens that we are prompted to call particular attention to the fine service which Mr. Simon Gurkin performs in the successful operation of Glades Music Co., at 441 W. Ave. A.

His efficient handling of his clients needs shows his ability in his field and has earned for him a well-deserved popularity among the people he serves.

We are glad to give Mr. Gurkin Buser the credit he so well deserves for his achievements and we wish for him a continued successful career as one of Belle Glade's most friendly businessmen.

Special Election Year Series

YOUR CANDIDATE

The Year 1960 has been termed a "year of change" and an important election year. From the local to the national level, the people are called upon to elect their representatives to the public. Through this series, The Herald will introduce the candidates for the various offices to the voters.

Paul T. Douglas

"I will do my utmost to administer justice tempered with patience and understanding," said attorney Paul T. Douglas on becoming the first candidate to qualify for county judge of Palm Beach County.

Douglas was born and educated in Lake Worth and attended the University of Florida and Stetson University Law School.

For the past 10 years the candidate has practiced law in West Palm Beach and is vice president of the Palm Beach County Bar Assn.

He has been a judge ad litem of the Lake Worth municipal court for the past five years.

Douglas is married to the former Jo Humphrey, also a native of Lake Worth, and they have two daughters, Lorraine, eight, and Paula, six. The Douglasses are members of Holy Trinity Episcopal Church.

"I know full well the many problems confronting the county judge, especially those arising in the Probate Court, because a considerable part of my law practice has dealt with such matters."

"I feel that I am particularly well qualified to administer juvenile cases as I am a lifelong resident of the county and know its people and their problems."

Douglas stated that he intended to conduct an aggressive campaign throughout the county, talking with as many voters as possible, "because this important office should be filled by one who represents the working man as well as the business man."

The candidate is a member of the West Palm Beach Jaycees; he was for three consecutive years the chairman of the "Get Out the Vote" committee, during which time the local Jaycees won national recognition in the field of civic affairs.

He was a charter member of the Palm Beach County Junior Bar Assn., and holds memberships in the Florida Bar and in the American Bar Assn.

He is a veteran of World War II and a member of the American Legion and the Young Democrats of Palm Beach County.

son, Mr. and Mrs. Buster Throop and Rev. Sloan.

Mr. and Mrs. Ervin Owens and children of Gadsden, Alabama and Mrs. J. C. Reynolds of West Palm Beach were dinner guests of Mr. and Mrs. Nick Reynolds on Thursday.

Robert Sloan of Belle Glade was a Sunday guest of Donald Shortnace.

Mr. and Mrs. Ray Holly of Clewiston had supper with the Nick Reynolds family on Friday.

Mr. and Mrs. John Andrews, of Altoona, Pennsylvania, Dr. and Mrs. Glenn Morton and daughter Cheryl of West Palm Beach were dinner guests of their parents, Dr. and Mrs. Nicola Di Stefano.

Mr. Claude Robertson spent Friday night and Saturday in Miami.

Mr. and Mrs. C. H. Pope spent Monday night and Tuesday in Jensen Beach.

Mr. and Mrs. Pete Haucom were Sunday dinner guests of Mr. and Mrs. John D. Finley in West Palm Beach.

Mrs. Laura Benjamin and Dale Patterson of West Hollywood were weekend guests of Mr. and Mrs. Joe Crouch.

Brother Archer of Lake Harbor and Brother Sloan of Belle Glade visited with the Clayton family on Sunday afternoon.

The Church of God of Clewiston honored Mrs. A. W. Waldron on Monday, April 25th with a surprise birthday party at the home of Mrs. Julian Dickson on her 78th birthday.

Jr. Red Cross Delegates Received Yearly Pins

Mrs. Murray Weeks drove the Junior Red Cross members to their meeting in Pahokee Tuesday. The delegates received their pins for this year.

Those attending were Mildred McDonald, Martha Lynn Thomas, Linda McDonald, Lynn Conley, Melvin Weeks, Christine McDonald and Billy McDonald. The next meeting will be held at Lake Harbor school.

Childrens Activities Discussed By Mothers

Approximately 30 mothers of students in the fourth, fifth and sixth grades were entertained at a Coke party and get-together Thursday morning at the

home of Mrs. Howard Payne. Co-hostesses were Mrs. George Wedgworth and Mrs. James E. Williams. The ladies held an informal discussion on their children's activities in that particular age group, and came up with many ideas.

Mrs. Paul Kirchman Demonstrates TO HDC "A Busy Day Meal"

"Busy Day Meals" was the subject of the program and demonstration held at the regular meeting of the Belle Glade Home Demonstration Club at the home of Mrs. Edwin Rice Thursday.

Mrs. Paul Kirchman presented the program and demonstrated the cooking of a very delicious one dish meal. The recipe used diced cooked pork roast cooked with green beans, spinach, onions, ginger and chestnuts and served on crackers. The ladies present reported it was delicious. The dish was supposed to have been served over rice or noodles and with a salad as preferred.

Mrs. Kirchman and Mrs. W. R. Hooker attended a training school recently held by the PBC Home Demonstration Club at the Mounts Building in West Palm Beach and were taught how to make the dish.

Present were Mrs. Della Altman, Mrs. Arthur Zampf, Mrs. Milton Geise, Mrs. Kirchman, Mrs. Mollie Stacy and Mrs. Rice.

OES Hears Report On Grand Chapter

Reports were heard on the Grand Chapter session held in Tampa at the regular meeting of Order of Eastern Star Chapter 197 held Thursday night at the Masonic Temple. Mrs. Robert J. Allen, Jr., worthy matron presided.

Giving the reports were Mrs. Beulah Simmons, Mrs. Faye Greer, Mrs. Allen and Robert J. Allen, Jr., which included the honoring of the new grand instructor of District 18, Mrs. Judy Sapp of Pahokee by chapter members of the district.

A letter was read concerning a district school of instruction to be held in May at Pahokee and the chapter agreed to the date of May 30, one of suggested dates for the school.

Announcement was also made that Mrs. Sapp will be honored and also Mrs. Aleese Cherry, grand representative to New Hampshire at a meeting on May 19 by the chapter and initiation of candidates will be conducted April 30 with an officers' practice meeting preceding on April 29.

Welcomed and introduced were Mrs. Angela Sears, worthy matron and Mrs. Edna Barrett, past matron both of Pahokee Chapter 184 and Mrs. Agnes Baker, past matron of Belle Glade Chapter.

The worthy matron requested current magazines, which members do not want, be brought in to the library committee. Mrs. Ed. Murphy and Mrs. Winnie Roberts to be taken to the Arcadia home.

The Worthy matron thanked the substitute officers the decorating committee and the refreshment committee composed of Mr. and Mrs. Elgie Johnson and Mr. and Mrs. Solly Corbin.

Mrs. Friend Makes Corsages Of Tin Cans

Mrs. Paul Kirchman was hostess to the Chosen Garden Club at its regular monthly meeting. Mrs. H. V. Draa, president, presided.

Mrs. Frank Friend of Pahokee presented the program featuring a demonstration on making corsages, arrangements and Christmas ornaments from tin cans. They were beautiful, very effective and the cost practically nothing.

Announcement was made that M. U. Mounts, PBC Agriculture agent, will speak May 13 at 7:30, the public is invited to attend. His subject will be on tropical trees. Installation of officers for the year 1950-51 will be held at a luncheon meeting at Cottage Grill May 17.

Miss Margaret West reported on attending a flower arrangement lecture in West Palm Beach. Miss Arlene Kirchman was a visitor.

According to a recent survey, newspaper advertising influences purchasing most, 81 percent of the people made purchases because of newspaper ads, only 4 percent because of television. The same survey showed that only 1 percent found advertising in newspapers objectionable, while 18 percent disliked advertising on television and 45 percent objected to direct mail.

Den 2 Cub Scouts Practice Skit

Cub Scout Den No. 2 discussed the theme relating to Indians found around the Great Lakes area at its regular meeting held at the home of Mrs. Clarence Kidder, den mother. Mrs. Howard Champion, assistant den mother for the month was also present and assisted Mrs. Kidder.

The Den worked on Indian costumes and practiced an Indian Devil Dance, patterned after an authentic Indian dance. They will present the dance for their skit Thursday night at the Cub Pack meeting. They also made bells and rattles for use in the dance.

John Kidder opened the meeting with the flag ceremony and the meeting was closed with Cub Scouts songs and forming the Living Circle. All the cubs were present including Den Chief Wayne Wood.

Refreshments were served by Mrs. Kidder.

OVER BACK-COUNTRY ROADS AT 45 WITH A SKY-HIGH LOAD OF TIMBER

Chevy middleweight shows the big rigs how it's done!

That's a 6303 medium-duty Chevrolet powered by a 283-cu-in. V8. But there's sure nothing medium-duty about the load. Mr. J. E. Blankinship, Arkansas logging contractor, says both of his torsion-spring 6303's "move along at 40 to 50 miles per hour with 55,000 pounds gross weight and maintain a 5-trip-a-day schedule with no trouble at all." Figure the money you save when you've got a medium-duty truck that can cover 30,000 back-country miles a year with a high-torque load! We've never seen anything like the amount of praise truck owners are heaping on Chevy's new torsion spring suspension. Owners like the fact the truck handles a whole lot easier, can move faster off the road without beating the driver to death and shaking loose all the sheet metal. They like the idea of extra thousands of miles before trade-in . . . Drive a '60 Chevy just once. It's a whole new experience.

(Chevy middleweight averages 200 miles of back roads a day saving timber out of the woods and delivering it to the mill at Crossett, Arkansas.)

Eight Attorneys Seek Criminal Judge Post

Eight attorneys qualified in the last-minute race for Democratic nominations for Palm Beach County's Criminal Court Judge. The \$15,000-per-year position was created by the sudden death of Judge Edward G. Newell.

Newell, who was unopposed for re-election, died Thursday. Secretary of State R. H. Gray, re-opened qualifications and set noon Monday as deadline. Republican candidates were not permitted to qualify since they

lost no action before the Mar. 15 deadline.

Following is a brief summary of information about the man who qualified. The names will appear on a separate ballot at the polls.

George H. Butler

Mayor of Jupiter, he has served as municipal judge of Riviera Beach for four years. He is 38 years old and has been active in Democratic party affairs; is president of Palm Beach Junior College Alumni Assn.

John H. Evans

A 38-year-old graduate of Stetson Law School, Evans served as municipal judge at Ft. Pierce for four years before coming to West Palm Beach. He resigned Monday as first assistant county solicitor; also served as assistant prosecutor under Charles Nugent, former county solicitor.

Kenneth J. Horton

Horton is 42, received a law degree at University of Florida, is now city prosecutor at Lake Wales.

Rardin Will Look

For Road Safety

The county commission this week named its chairman, Paul Rardin, as a committee of one to explore every possibility for adopting methods to increase the driving safety at the intersection of State Roads 7 and 80.

Chairman Rardin said he had been studying the intersection for some time and pin pointed the cross roads as one of the most dangerous in the county.

He suggested a bridge at that point be painted white to mark the intersection.

He noted also that the intersection had a record of many accidents prior to the installation of a traffic light and even since the light has been placed in operation, the accidents and traffic fatalities continued to happen.

In other action the county board voted to transfer \$35,000 set up in the capital improvement fund for the purchase of rock, into another fund where it will be used to black top a number of roads in the Glades.

Billing Changes

For Telephones

"In order to render more efficient billing service to our customers in Belle Glade, it has become necessary to change the billing period on all Wyman 6 telephone numbers to the 28th of each month rather than the 16th," says Zeke O'Farrell, Group Manager for Southern Bell Telephone and Telegraph Company, this week.

"The bills that are being received this week," O'Farrell said, "will be dated Apr. 16 and will reflect charges through May 27th, which covers a total of 42 days billing. There will be an explanation enclosed with this transition bill."

Cattle Are Steady

At Monday Market

Most cattle classes sold steady at the Monday Glades Livestock Market, also where 772 cattle returned \$75.94.33 and 47% of the offering went to slaughter buyers. The weekly market bulletin shows:

All slaughter and stocker classes were steady except stocker steers which sold to \$1.00 lower. Sixteen percent of the run was wags; 96% of them went to slaughter.

Slaughter Prices

Steers (11) 14.00-25.75; heifers (36) 12.00-19.50; cows (122) 13.00-18.75; calves (82) 13.00-27.00; bulls (15) 16.00-21.50.

Stocker Prices

Who's Who in Belle Glade Area

THIS SECTION DEALING WITH OUTSTANDING CITIZENS OF THE BELLE GLADE AREA IS AN ATTEMPT TO SET DOWN IN PRINT THE POSITIONS THESE CITIZENS OCCUPY IN THE EYES OF THEIR NEIGHBORS. NO ONE WROTE OF HIMSELF IN THIS SECTION. MATERIAL WAS GATHERED BY DON AND GRACE BULLARD AS THEY FOUND CONDITIONS.

Homer Frasure Lalsh Frasure

The old saying of "It is a better mousetrap" is not necessarily true in this day and age, especially if you are in the Trailer Park business. You must have the most pleasant, courteous service must be able to give to your business if the people are to "beat a path to your door."

They have already proven that they do not rely on that commodity to prosper. They can be depended upon in civic affairs as well as in business and we are looking forward to their serving this area for year to come.

Ray Ashley Blanche Ashley

A good friendly service station goes a long way in building a town's reputation as a good place to do business. No business establishment is friendly by itself. The owners must practice courtesy and hire employees who will do the same.

Mr. Ray Ashley and Mrs. Blanche Ashley of Ashley's Service Station at 800 N. W. 18th St., feel they have an obligation to their customers of courteous and friendly service.

The energy Mr. and Mrs. Ashley have given to their business, they have also given to all en-

deavors in which they have been associated. In this area there are few movements promoting to the community in which they have not been associated. In the operation of their service they display good taste and kindness which one rarely sees, such as all the little services that make a good business better.

We wish to congratulate Ray and Blanche for their business success and wish for them many more years of continued prosperity.

Frances Kirchman

Mrs. Frances Kirchman of Frances Kirchman Florists at 308 S. E. Ave. F is to be commended for the prominent part she is playing in the business life of Belle Glade.

The ever increasing popularity of this business is due largely to offering a complete Floral service and to her genuine pride in its high standard of operation. Businesses of this high caliber does much in raising the prestige of this area.

Frances, always cooperative when she is able to be of assistance in any project for civic betterment, deserves the popularity enjoyed by her and this business. Her unflinching courage and unselfish attitude are rare in today's business world.

It is with pride that we include her in this review and it is with pride we mention her Flower Shop in this group of businesses playing a prominent part in the progress of Belle Glade.

The way that she has served the people of this area has made her her business deserving of success.

Sam F. Loughridge

Most cities, if they amount to much, are man-made. They do not just happen. It has been the realization of its more progressive citizens that the Belle Glade area must grow and prosper and be something other than just another place on the map. This brought results and made it possible for this area to be an outstanding community and for those within it to prosper.

Mr. Sam F. Loughridge of Bel Vita Farms, Inc., on W. Palm Beach Rd. is a man who is playing no small part in the growth and development of this area and has won the respect of the people here.

Mr. Loughridge's more than thirty year spent in distribution of dairy feeds in southeast Florida has given him a background on which to develop successful dehydration of the Glades' luscious grasses for dairy feeds.

Demand from old customers and insistence of new ones leaves Bel Vita Farms with orders untended. In order to triple the annual output of his plant, Mr. Loughridge plans the addition of processing machinery and a round-the-clock operation.

Mr. Loughridge would be the last to mention the matter, but when the call goes forth to rally around something worthwhile for the community, he is among the first to volunteer.

Ben Geiger

The more progressive men in the world of business are directly responsible for the progress of any community and one of the men who is literally "helping to build the Belle Glade area" is Mr. Ben Geiger, manager of Linsley Lumber Co., at 232 S. E. Ave. "E."

Ben's knowledge of this business, plus his experience and understanding of local conditions has made it possible for him to offer his customers the very best in building materials to suit their needs.

Mr. Geiger has a great many friends because of his honesty which is apparent in all his business dealings. His willingness to devote much of his time and energy to build up the elements of the community has made him appreciated not only by his customers but also by all who know him.

All this plus a pleasant personality is responsible for his past success and he believes will bring many more years of continued success.

Ray "Red" Kent

In our approach to various human problems we tend to think of society as made up of average individuals, all more or less alike but fortunately, for progress and service, we can rate individuals on their ability at certain specific tasks. Therefore the man who properly applies his natural aptitudes in the business world becomes outstanding in his field of endeavor. In Belle Glade the person we have in mind making this statement is Mr. Ray Kent, Produce Broker at 649 S. E. 2nd St.

A man who truly "likes what he's doing," "Red" is equally content with "where he is doing it." He is happy that he lives in this section and proud of his city.

With appreciation of the fact that no man is equipped to be the leader in every avenue of life, a well rounded business district needs men qualified for leadership in their chosen profession so it is with real pride we applaud "Red" Kent for his proficiency as a Produce Broker.

Wilbur Winterrowd

The operation of Lake Gas Co. on S. W. 16th St. reflects the personality of the man who guides it, Mr. Wilbur Winterrowd who deserves our praise in this review not only for business achievements, but for being a good citizen of the community.

His modern business outlook—to offer a better liquefied petroleum service at a lower cost, thus encouraging more people to patronize this business—has contributed much to the success of the business to which Belle Glade can point with pride. Wilbur considers it a pleasure to serve the people of this area, feels a strong obligation to friends and neighbors, and can always be depended upon to aid in any commendable civic project.

His experience plus the fact that he keeps up with the latest trends in the Bottle Gas and Carbonator business merit more than passing attention and we say "You have done well."

Joel Bass Louise Bass

Firm believers in "getting more fun out of life," Joel and Louise Bass are naturals for their business and a section that bristles itself on its friendly business can applaud Dixiana Grill at 475 S. Main. People seek out the finest in home cooked meals have been quick to realize that here is the best for the money.

It has been said that the successful man is the fellow who gets paid for doing the things he likes to do and there have we met Joel and Louise at the head of the "successful list."

People with a natural ability in the art of living, their business has been operated with the customers comfort and enjoyment foremost in their minds and since they put the proper value on these commodities, they spare no expense or labor to achieve this goal. An example of this is the fact that they have enlarged their restaurant to better serve their customers.

With a knowledge of the business and their friendly attitude we are sure Joel and Louise will thus maintain their popularity.

Beans . . . In The Highway?

A mysterious group of civic minded citizens in South Bay planted beans in the highway four weeks ago. This seems to be an uncommon thing to do, but it had a purpose.

Our group of vegetable planters decided to beautify the only construction that had lingered so long on Highway No. 27. Furthermore, the thought of a bed of grass growing on the island of the highway was unreal. Why? This glades land is made for growing vegetables.

But, to the dismay of our heroic group, practical progress forged its way along its usual course. At the end of the four weeks extension period, which the construction people needed to claim a finished product of the South Bay sign of highway, the beans were just beginning to manifest themselves. At this point, the techniques ("Big Business") prevailed, and the strong, healthy stand of beans were destroyed to make way for a doubtful spread of ordinary grass.
